

Reliable power for an unreliable world.™

For more than 90 years, Cummins has been generating power and trust. From emergency vehicles and recreational vehicles to yachts and homes, Cummins delivers power you can rely on — especially when you need it most.

Connect™ series

Find peace of mind with a standby system from Cummins Power Generation.

When extended power outages hit, the last thing you need is one more thing on your mind. With a Cummins generator, the only thing you'll have to think about is how little things have changed. The quiet, seamless power of a Cummins standby generator puts it in a league of its own.

Connect Series

- ✓ Corrosion resistant and able to withstand winds up to 180 mph
- ✓ Advanced design provides one of the quietest products in the market
- ✓ Lower exercise cycle requirements means overall improved sociability
- ✓ Advanced self-diagnostic capability

RS Series

- ✓ Engineered design for high reliability and durability
- ✓ Aluminum enclosure for long life
- ✓ One of the quietest generators on the market
- ✓ Powerful motor easily starts and runs a 4- to 5-ton air conditioner
- ✓ Front access oil check, fill hole and oil drain
- ✓ Durable mounting base included for lower installation costs, no need for a concrete pad

RS series

The quietest generators available

Independent third-party testing confirms that Cummins residential generators are the quietest in their class.

Convenient load management

Allows you to run essentials like heat and lights while selectively adding large appliances when there is enough power to run them.

How to select the right size generator for your home

The most accurate way to size a generator for your home is to contact an authorized Cummins dealer. To find one near you, please visit power.cummins.com

Residential RS Series Air-Cooled Generators

Models	RS13A	RS20A
Rated Amperage*	92/46 (NG); 106/53 (LPV)	144/72 (NG); 162.5/81.25 (LPV)
Sound Output at Normal Load (dB(A))	61	62
Dimensions (L x H x W in inches)	52.7 x 40.8 x 35	
Weight (lbs)	460	540
Voltage	120/240	
Fuel Type	Natural Gas / Liquid Propane Vapor	
Engine	720cc	993cc
Warranty	5-year, 2000-hour limited warranty	
Circuit Breaker Amps	60	100
Remote Monitoring	Available	

* Amperage may differ based on models

Connect Series Liquid-Cooled Generators

Models	RS25	RS30	RS36	RS40	RS50	RS60	RX30	RX36	RX40	RX45	RX50	RX60
Rated Output	25kW	30kW	36kW	40kW	50kW	60kW	30kW	36kW	40kW	45kW	50kW	60kW
Engine Speed (rpm)	1800						3600					
Sound Output at No Load (dB(A))*	64	60	63	63	69	70	72	72	71	67	67	69
Dimensions (L x H x W in inches)**	72 x 34 x 45.5	94 x 34 x 45.5			119 x 40 x 58		72 x 34 x 45.5	94 x 34 x 45.5
